Cena :

32,70 PLN

Producent : **J's Work**

Dostępność : **Jest**

Stan magazynowy : **niski**

Średnia ocena : **brak recenzji**

J's Work PPA3072 Silikonowa forma - Dachówki o zaokrąglonych brzegach (małe) w skali 1:35

Narzędzie niezwykle przydatne dla budowniczych wszelkiego rodzaju makiet w skali 1:35.

Forma silikonowa do samodzielnego wykonania elementów dioramy. Jedyne co potrzebujesz to trochę wody, gips i jakiś barwnik, który nada oczekiwany przez siebie kolor (np. farba plakatówka)

Producent: **J's Work** (China)

JADARHOBBY

5
Use an old brush to
paint the plaster on the
Silicone Mold to ensure
the plaster are evenly
distributed.

6
Pour the plaster on the
Silicone Mold, make
sure the plaster are
smoothly distributed
on the Silicon Mold by
paint stirrer.

7
Put the Silicone Mold
flat on the table,
punching the table by
hand to clear out the
bubble inside the
plaster.

8
Take out the finished
product from the
Silicone Mold when the
plaster are fully dry.
Clean the Silicone Mold
by water for recycle use.
