PHOTOETCHED PART

1. Take the ground textile part out of the sheet.
2. Remove supporting paper.
3. Crumple the belt into a little ball and feed it between the straps.
4. Turned the belt through the buckles - use tweezers.
5. Put the belts into the seat.
6. Spray by the glossy varnish.
7. Incorporate the belts with very diluted oil color (ink black and brown) - it will highlight the texture.
8. Spray by matt varnish.

After the varnish becomes dry it is possible to drybrush with light oil colour.
