72019 Vallejo Game Color - Night blue (17ml)

Game color is a special selection of fine waterbased acrylic colours manufactured with a special resin and permanent pigments for miniatures figures in fantasy and war games.

They come in 17ml bottles with a unique "eye-dropper" nozzle design, so that you can control exactly how much paint you use.

Vallejo acrylic paints can be mixed with each other (and other makes of acrylic paint, too !) and are designed to be thinned with water.

Producer: Vallejo (Spain)
